Equation (14) was incorrectly displayed in the published paper. The correct equation is shown below.

\[ \Delta \tau(i, i - 1) = \tau(i - 1 \rightarrow \text{ground}, \theta_{d}^{i-1}, \nu) - \tau(i \rightarrow \text{ground}, \theta_{d}^{i}, \nu) \]

\[ R_{\text{surface}}^{\text{th}}(\nu) = 2\pi \rho_s \sum_{i=1}^{i=N} B(\nu, T_i) \Delta \tau(i, i - 1) \] (14)
