(a) Calibration curve of Fe

\[ y = 0.05x + 0.13 \]
\[ R^2 = 1.00 \]

For Eq(2), \( a = 0.13 \), \( b = 0.05 \)

(b) Calibration curve of Cu

\[ y = 0.04x + 0.2 \]
\[ R^2 = 1.00 \]

For Eq(2), \( a = 0.2 \), \( b = 0.04 \)
