L1A product

Selected parameters

• Rayleigh, Mie raw signals

• Detection chain offset

• Solar background

• DCMZ matrix

Dimensions

observation

measurement

range bin

pixel

L1B product

Selected parameters

• Rayleigh useful signal

• Rayleigh SNR

• Mie refined SNR

Dimensions

observation

measurement

range bin

L2B product

Selected parameters

• Rayleigh, Mie HLOS winds

• Rayleigh, Mie estimated error

• Validity flag

• Reference winds
(EMCWF model background)

Dimension

*wind result
(cloudy or clear)*

measurement maps
