Interactive comment on “Aerosol Optical Depth measurements at 340 nm with a Brewer spectrophotometer and comparison with Cimel observations at Uccle, Belgium” by V. De Bock et al.

P. Sellitto

sellitto@disp.uniroma2.it

Received and published: 8 July 2010

Only a small correction. References, page 2764, line 24: it's "Sellitto", not "Sellito".
