In my previous reply, I wrote

A6:

The variable A is a coefficient defined by eq.(40).

and

A7:

The term $d(\Omega, \Omega_0)$ are derived from eq.(41),
by mistake.

I meant

A6:

The viable A is a coefficient defined by eq.(41).

and

A7:

The term $d(\Omega, \Omega_0)$ are derived from eq.(40).
