Received and published: 2 December 2013

Dear A.N. Naeger,

You have recently submitted a final version of the manuscript amt-2013-129 currently under consideration for publication in AMT. AMT's manuscript revision protocol requires that authors of articles submitted for publication prepare a detailed point-by-point reply to all comments on the paper during the open discussion phase. Please provide separate files addressing all comments in the review process.

C3547

Thanks

Omar Torres AMT Associate Editor
