

## High spectral resolution ozone absorption cross-sections – Part 1.

### Answer to referee 2

Dear referee,

Thank you very much for your comments. We appreciate a lot your careful attention, which allowed us to fix misprints and mistakes.

### Textual comments

All your comments were taken into account

### References

All your comments were taken into account, except for:

- *Phys Chem Chem Phys* is the correct name according to the AMT citation rules
- *J Quant Spectrosc Ra* is the correct name according to the AMT citation rules

### Tables

All your comments were taken into account

Caption Fig 6 was corrected, because it is indeed relative difference shown in the figure 6 and not a ratio.
