I would suggest the addition of a reference to: Millington, S. C., R. W. Saunders, P. N. Francis, and H. N. Webster (2012), Simulated volcanic ash imagery: A method to compare NAME ash concentration forecasts with SEVIRI imagery for the Eyjafjallajökull eruption in 2010, *J. Geophys. Res.*, 117, D00U17, doi:10.1029/2011JD016770.

This paper is devoted to the simulation of SEVIRI infrared volcanic ash satellite data.
