## Interactive comment on "Implementation of a quality control for Radio Occultation observations in the presence of large gradients of atmospheric refractivity" by L. Cucurull

U. Foelsche (Editor)

ulrich.foelsche@uni-graz.at

Received and published: 20 January 2015

Dr. Paul Poli had been nominated as referee for this publication. Since he could not meet the original deadline, he submitted his referee report in the form of a comment. This comment shall therefore be treated like a referee report, and the discussion phase can be closed.

Ulrich Foelsche, handling associate editor.
