

***Interactive comment on “Binning effects on in-situ  
raindrop size distribution measurements” by R.  
Checa-Garcia et al.***

**D. Ruffieux (Editor)**

dominique.ruffieux@meteoswiss.ch

Received and published: 14 April 2014

As the Associate Editor of this manuscript and because of several points of submission procedure which need to be clarified directly with the authors, I decided to interrupt its interactive discussion.

Dominique Ruffieux AMT Associate Editor
