Received and published: 2 September 2015

1. We would like to add two more names in our co-author list as following: R. Querel and D. Smale; National Institute of Water and Atmospheric Research (NIWA), State Highway 85, Lauder, Central Otago, New Zealand
2. One more sentence will be added in the acknowledgement: "We would also like to thank NIWA for providing the GNSS measurements at Lauder which are conducted as part of NIWA's Government-funded, core research programme."
3. All GRUAN sites will be specified with names in the text when they are mentioned for the first time: LDB0 (Lindenberg, 14.1° E, 52.2° N), LDRZ (Lauder, 169.7° E, -45.0° N), NYA2 (Ny-Alesund, 11.9° E, 78.9° N)
