

***Interactive comment on “Imager-to-radiometer  
inflight cross calibration: RSP radiometric  
comparison with airborne and satellite sensors”  
by J. McCorkel et al.***

**Anonymous Referee #1**

Received and published: 11 January 2016

I’ve reviewed my original comments, and the revised paper online.

The authors have adequately addressed all of my concerns, and the paper needs no further modifications.
