Interactive comment on "A surface reflectance scheme for retrieving aerosol optical depth over urban surfaces in MODIS dark target retrieval algorithm" *by* P. Gupta et al.

P. Gupta et al.

pawan.gupta@nasa.gov

Received and published: 27 June 2016

Thank you for your positive comments and suggestions below that have helped to improve the manuscript. All comments are repeated for clarity and the responses to all comments are given in red. We have also appended the revised draft of the manuscript along with this response. All the changes in the manuscript are also colored as red.

Please see the supplement pdf for the response and revised manuscript.

Thanks, Pawan

Please also note the supplement to this comment:
