Received and published: 4 April 2016

Dear anonymous referee,

thank you very much for your efforts and valuable comments. I am sorry for the delay, but I took part on a research cruise with R/V Meteor, where I had only very restricted access to the web. We have taken your suggestions into account. Our changes and answers are given in detail in the attached pdf-file.

Kind regards, Karl Bumke

Please also note the supplement to this comment:
