Dear colleagues

In the specific comment on the manuscript's line 315, Reviewer 1 asks the authors to change the formatting of ranges of quantities. The formatting of SI units and quantities is specified in Bureau International des Poids et Mesures (2006, Sect. 5.3.3., p. 133), see also Thompson and Taylor (2008, p. v). I recommend that the authors keep the

Discussion paper

current formatting of quantities, because it agrees with the cited references.

Kind regards
Tim Dunker
