The authors wish to thank the anonymous reviewer for the constructive remarks.

Specific comments

The title of the paper is confusing because might not be clear which beam is considered. I suggest to exchange it into "Airborne laser scan data: a valuable tool to infer partial weather radar beam-blockage in urban environment" (the phrase "weather radar" is added).

The authors agree with the reviewer and modified the paper title according to the reviewer's recommendation.

Technical corrections

Discussion paper Page 4, line 75: "Where" -> "where" Page 4, line 98: "R(Marshal)" -> "R (Marshal)"

Corrected.

Page 4, line 100: "Where" -> "where" Page 5, line 5 (Eq. 7): "Ldb" -> "LdB" Page 5,

Corrected

line 5 (Eq. 7): "Zunblocked" -> "Ztotal" Page 5, line 5 (Eq. 7): "Runblocked" -> "Rtotal"
