Received and published: 18 May 2016

Dear Anonymous Referee #2,

Thanks for the useful comments and suggestions. You have included your comments and suggestions in the revised version of the paper. A point by point response:

1. Thanks for the suggestion but we feel that the current title of the paper better describes the results presented in our paper.

2. OK.

3. OK.

4. OK.

5. Thanks for the suggestions. We see the referees point but after careful consideration, the authors are convinced to stick to the current structure of the paper.

6. OK.

7. The publishers will perhaps consider this.
