Interactive comment on "Experimental techniques for the calibration of lidar depolarization channels in EARLINET" by Livio Belegante et al.

Livio Belegante et al.

belegantelivio@inoe.ro

Received and published: 27 September 2017

First we would like to thank Referee #3 for the time dedicated to provide the comments and suggestions for the interactive discussion. We made all efforts to follow all recommendations provided by the referee. We hope that the updated version is satisfactory. Attached you will find a point by point description of how each comment and suggestion was addressed.
