

Interactive comment on “Collocation Mismatch Uncertainties in Satellite Aerosol Retrieval Validation” by Timo H. Virtanen et al.

Anonymous Referee #4

Received and published: 28 December 2017

The manuscript entitled "Collocation mismatch uncertainties in satellite aerosol retrieval validation" by Virtanen et al. investigates the detail of satellite retrieval uncertainties based on dense ground sun photometers network dataset. The authors well organized the topic so it should be published as the AMT paper. Note that a typo word "investigaged" in line 18 on page 2 should be corrected.
