Dear Referee #2

We would like to thank the Referee #2 for the valuable comments and suggestions. Please find the manuscript with major revision. We answered to your comments and suggestions in point by point. We also improved the abstract and conclusion to make the purpose of this paper clear. We hope that current manuscript is significant for the publication in AMT. We still wonder our English is not perfect as a manuscript of AMT

C1

even after the Native English checking. We will ask to our colleague, who is native English speaker, only once before the final version, since we do not want to disturb him frequently.

Sincerely yours,

Tomohiro Sato and Yasuko Kasai National Institute of Information and Communications Technology
