

Interactive comment on “Joint retrieval of surface reflectance and aerosol properties with continuous variation of the state variables in the solution space: Part 2: Application to geostationary and polar orbiting satellite observations” by Marta Luffarelli and Yves Govaerts

Anonymous Referee #1

Received and published: 21 August 2018

As this manuscript is a follow-up to Part I, I have proceeded to a full review which will be posted in the next step.
