

Comments to the Author:

Thank you for your attention to the referee comments. I have read your revisions and consider the paper ready for publication following correction to the following:

page 5: "... errors in retrieved gases /are/ arise from ..."

delete /are/ ...

Response to the editor:

Corrections have been made in accordance with your suggestions.

Page 5, line 2: (deleted) "Errors in retrieved gases (are) ..."

Page 5, line 2: (added) "Errors in retrieved gases (arise from) ..."
