

Dear Editor,

We just uploaded the revised version of our manuscript amt-2019-130, entitled:
“Caution with Spectroscopic NO₂ Reference Cells (Cuvettes)”
by U. Platt and J. Kuhn.

We already uploaded comprehensive answers to the reviewers’ comments complete with descriptions of the changes to the manuscript.

In addition Winword files of the manuscript with the changes marked are included in a *.zip file.

We trust that on this basis you can make a positive decision with regard to publishing our manuscript.

With very best regards
Ulrich Platt
