

***Interactive comment on “Field comparison of dry deposition samplers for collection of atmospheric mineral dust: results from single-particle characterization” by Andebo Waza et al.***

**Mingjin Tang (Referee)**

mingjintang@gig.ac.cn

Received and published: 30 August 2019

The manuscript was online for open discussion since 14 May, and it was difficult to find the second referee. As a result, I, as the handling editor, nominated myself as a referee and provide the review. My review is attached.
