More detailed and complementary answers to specific comment 1 can be found in the authors' response to specific comments 1, 3, and 4 of Referee #2. In particular, we specify the changes we wish to make in the main text to fully address this comment. Changes in the main text answering specific comment 2 are detailed in the authors' response to specific comments 8 and 9 of Referee #2. More specifically, we outlined the most important observations and conclusions of the Results and Discussion section. We rewrote to a great extent sections 3.1.2 and 3.2.2. to improved the overall readability of our article.
