

Dear Editor,

Please find attached a modified version of the manuscript. We have corrected all those technical issues that you kindly pointed out in the manuscript text and in presentation technical quality. We have done final reading and check of the manuscript overall content and minor typos. We hope that this version could be adequate for publication in AMT.

We are very grateful for your excellent editing work; for all the time and effort, patience, and very good suggestions, all that has helped us significantly to improve the manuscript quality. Thank you so much.

With kind regards,

Eija Asmi on behalf of all the authors in the manuscript
