Received and published: 22 December 2020

Thanks to reviewer 2 for volunteering their time to give us feedback on our paper. Their feedback motivated us to more carefully consider several aspects of our approach and our presentation of the results. Please see the supplement for our point-by-point response to their feedback. We distinguish between comments from reviewer 2 as R2, and our author response as AR.

Thanks, Charles White on behalf of all co-authors

Please also note the supplement to this comment:
